

**Transportation Planning Process  
and  
Tribal Transportation Improvement Program (TTIP)  
Certification Statement**

As agreed upon in the Tribal Transportation Program (TTP) Agreement with the United States Department of Transportation for the Stillaguamish Tribe of Indians, the Stillaguamish Tribe hereby certifies that it has fulfilled the functions and duties of the Secretary of the Interior in accordance with the requirements of 25 CFR 170 in carrying out a planning process and in developing the Tribal Transportation Improvement Program including:

1. Facilitating Public Involvement on the TTIP with all stakeholders,
2. All projects in the TTIP are consistent with the Tribal Long Range Transportation Plan,
3. All projects listed in TTIP are status code "*Official*" in the National Tribal Transportation Facility Inventory (NTTFI),
4. TTIP contain all TTP program funded projects programmed for construction in the next 4 years,
5. TTIP is financially constrained,
6. TTIP contains uncompleted project(s) from previous TTIP carried-over,
7. Consultation and coordination with State DOT and/or MPO's for regionally significant projects are complete (if applicable).

**State:** WA Construction Year:

**Comments:** Considerable growth is expected on 15th Avenue within the next 10 years. No definitive plans have been made for Stillaguamish Tribal properties along 15th Avenue which has a very strong highway commercial potential. This roadway directly abuts Interstate 5. This new roadway will need to be widened and brought up to standards if there is increased traffic flow originating out of both the North and South of 236th Street.

**Comments:** The transportation system switchover from fossil fuel vehicles to alternative energies is very likely. State governments have begun introducing regulations to eliminate sales of new fossil fuel vehicles by 2030 – 2035. Several funding opportunities are available and the Tribe will need to remain abreast of all climate change based activities and regulations as they unfold. Increased development of electric vehicle charging stations will be part of the future in transportation for the Stillaguamish Tribe.

## **Illustrative List of Projects**

Projects included in the illustrative list are projects that do not meet criteria such as:

- Financially or Fiscally constrained
- Routes do not have status of "OFFICIAL" in the National Tribal Transportation Facility Inventory
- Are not consistent with the Tribe's adopted LRTP
- Part of the Tribal Priority list but are not eligible for funding under Title 23 USC and Title 49 USC Chapter 53.

**NOTE: At this time, these projects are not eligible to be funded with TTP funds.**

**Once a project becomes eligible, a Tribe can amend the TIP, and projects can be approved and included in the TTPTIP.**

If you have any questions, please contact your Tribal Coordinator, or the TTP Planner.

## PROJECT INFORMATION

**Project Name:** SR 530 and Smoky Point Blvd. Intersection Roundabout

**Location:**

**Type of Work:** Reconstruction

**Route Number:** RT 0530 Sec 20

**Length:** 0.1 Miles

**State:** WA

**Project Number:**

**County:** Snohomish County

**Construction Year:** Funding dependent

**Comments:** The Stillaguamish Tribe and the City of Arlington (lead agency) are working together to plan and improve this congested intersection. Four jurisdictions are involved with this project. Exhaustive engineering studies have concluded that constructing a large roundabout on the East side of the Tribe's "Triangle Property" will greatly improve safety and traffic flow. The City of Arlington has provided planning, design and other engineering services to the project. The roundabout will be mostly surrounded by other Stillaguamish Tribal Trust properties.
